## News 2017 ●

### Lariana

design Patricia Urquiola

La famiglia Lariana è completata da due versioni di lavabo: a colonna e da appoggio, quest'ultimo ovale o tondo. Entrambe le tipologie mantengono il caratteristico contrasto formale generato dalla morbida curvatura dell'invaso che si oppone alla forma geometrica e lineare dell'esterno. Questo concetto viene riproposto anche nella versione a colonna dove il catino, in posizione decentrata rispetto al basamento, poggia su un monolite che può essere completato con mensola portaoggetti o con mobile contenitore in legno.

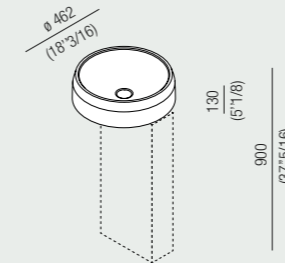

I lavabi e la colonna sono proposti in Cristalplant® o in marmo. Il lavabo in Cristalplant® è disponibile bianco o con esterno nelle varianti colore grigio chiaro (RAL7044) o grigio scuro (RAL7021).

I lavabi sono compresi di piletta con calotta nella stessa finitura del lavabo.

Two washbasin versions complete the Lariana series: freestanding or over countertop, the latter oval or round. Both designs maintain the distinctive contrast between the soft, curved-shaped bowl and the linear, geometric form of the outside. This concept is also recalled in the freestanding version, whose slightly off-centre bowl in relation to the base rests on a stand that can be completed with a shelf for holding objects or a wooden container.

The washbasins and stand are made of Cristalplant® or marble. The Cristalplant® washbasin is available in white or with a clear-grey (RAL7044) or dark-grey (RAL7021) exterior.

Waste with cap in same finish as the washbasin included.

design Gwenael Nicolas, Curiosity

Accessori disponibili in alluminio anodizzato e spazzolato con finitura nera o grigia ed elemento superiore in alluminio o marmo (su richiesta), abbinabili all'omonima serie di rubinetti e accessori.

In anteprima anche la nuova piantana vasca completa di doccetta, primo elemento di un nuovo ampliamento della gamma rubinetti, a riconferma del successo della serie.

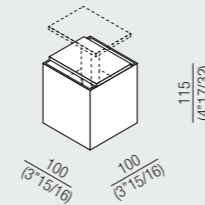

The accessories are available in anodised or brushed aluminium with a black or grey finish and covers made of aluminium or marble (by request), which can be matched with the set of taps and accessories of the same name. On stage also the new bathtub floorstanding tap, first step of an important update of this successful range.
