handcraft

Artistic glass engraving and contemporary taste

Handblown glass, shaped it accurately and wisely until small works of art appear. When all these little fragile pieces come together, a lavish lighting masterpiece originates. This is the story behind every Arte Veneziana chandelier. A unique and inimitable product, born from everlasting gestures that have been handed down from one generation to another.

Vetro soffiato e modellato, gusto contemporaneo

Soffiare a bocca, modellare il vetro con maestria e sapienza, fino a ottenere numerose piccole opere d'arte che mixate insieme compongono un sontuoso pezzo d'arredo. Questa è la storia che racconta ogni lampadario in vetro Arte Veneziana: un oggetto unico e irripetibile ottenuto grazie a gesti che si ripetono immutati da centinaia di anni.
