All our products can be customized to meet your specific requirements and our design team are always on hand to help.

Designed with flexibility in mind, most of the sideboards rest on a wooden base or wooden legs available in two shapes: curved or tapered.

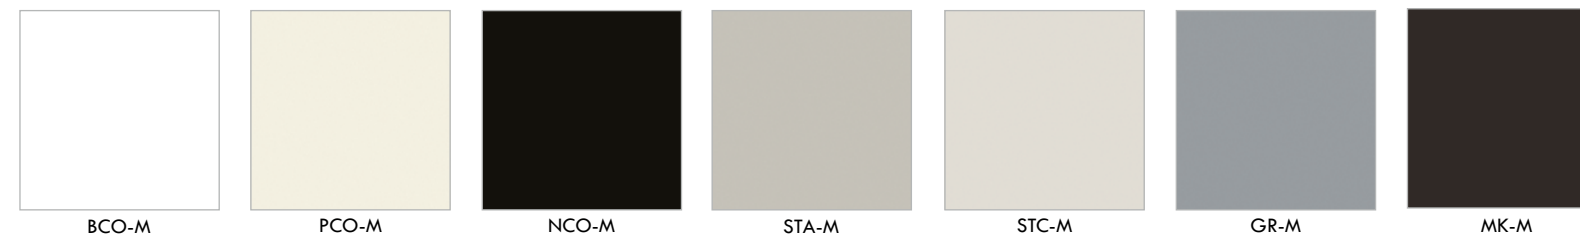

Metal plinths or legs are also available upon request.

LEAF

Our pieces are enriched by precious details. The elegant hardware, with the bright and intense effect of the hand-applied crinkled leaf, offers a subtly glamorous appeal. Clelia and Edoardo handles are available in antique brass and chrome finishings only.
