SERA

THE COLLECTION

*“Forse perché della fatal quiete
Tu sei l’immagine, a me sì cara vieni,
O Sera!”*

Alla Sera, Ugo Foscolo

La sera giunge tra le mura domestiche nel suo silenzio immobile, permeando ogni ambiente di quiete e serenità. Si chiudono le porte, le luci si abbassano, gli arredi svelano il loro profilo nella penombra: tutto è pensato per rallentare il passo e recuperare il senso del proprio tempo. La nuova collezione 2023 “Alla sera” di Paolo Castelli nasce dalla volontà di armonizzare sensazioni distinte, dando vita ad un paesaggio romantico, che evoca l’atmosfera creata da un tramonto. Uno scenario suggestivo abitato da proposte indoor, outdoor e sistemi di illuminazione ad alta tecnologia e con un’anima artigianale che testimoniano l’abilità di Paolo Castelli di offrire un ampio catalogo di arredi per la zona giorno e per la zona notte.

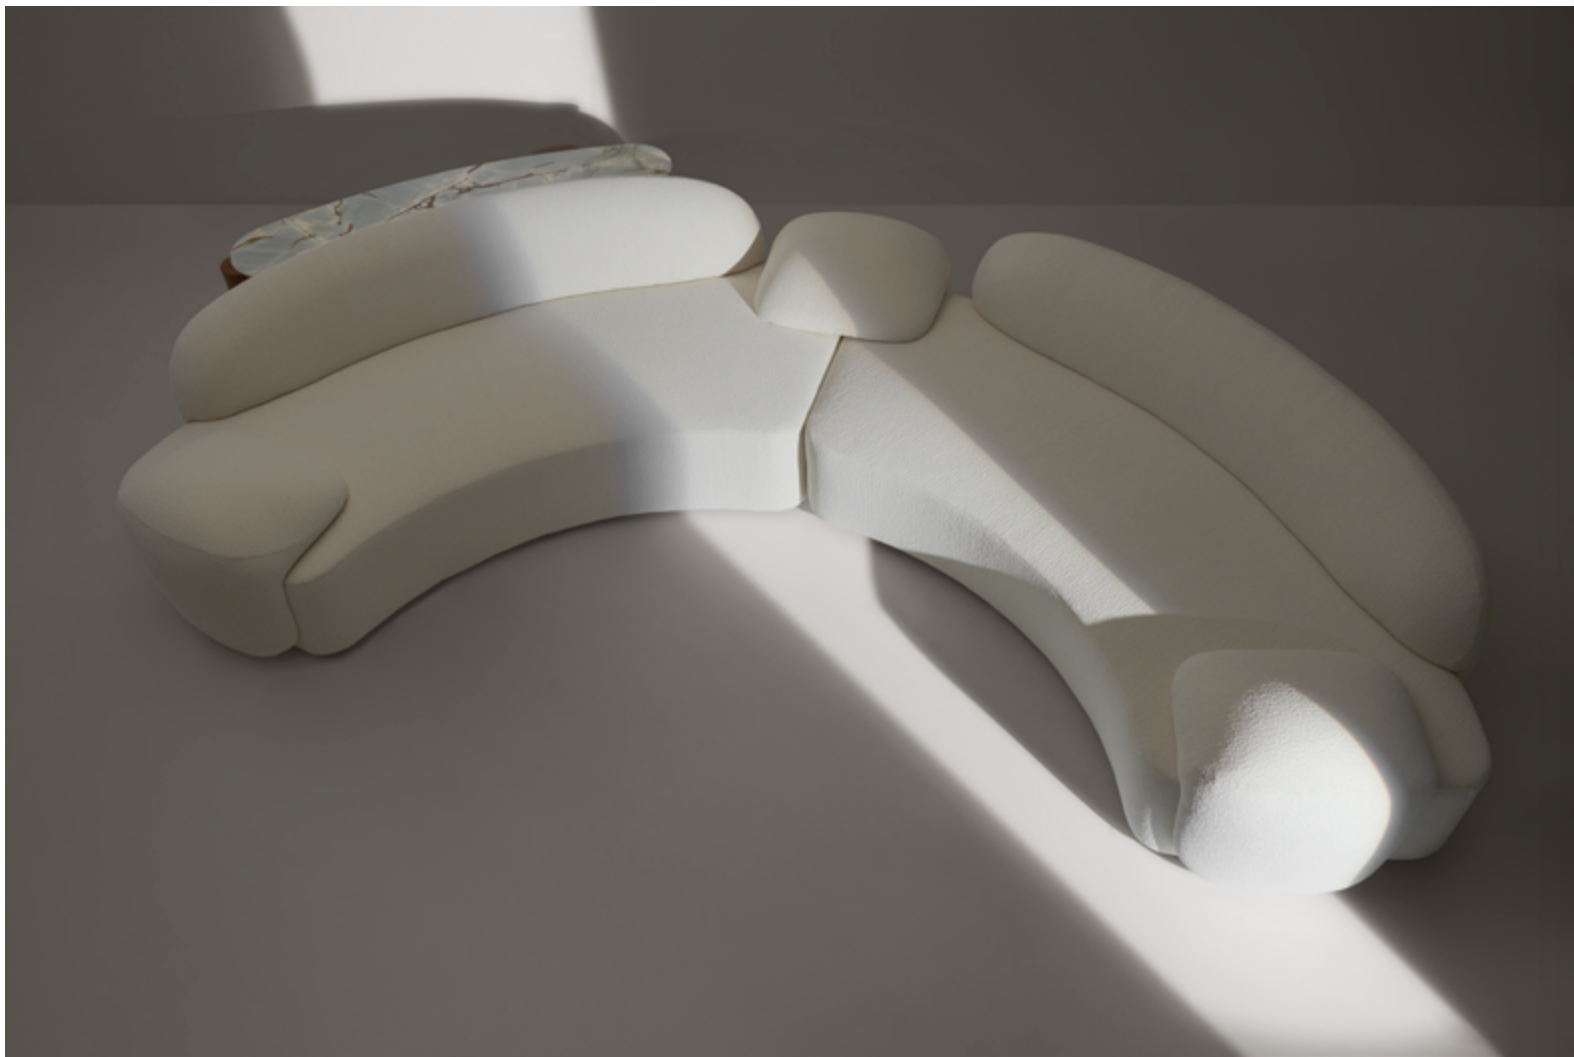

Luci ed ombre si incontrano in una sinfonia di chiaro scuri esaltando cromie e matericità: un palcoscenico onirico dove le nuove proposte raccontano piccole storie di eleganza senza tempo.

*“Perhaps because of the final rest
You are the image, to me so dear you come
O Evening!”*

Alla Sera, Ugo Foscolo

EN Evening comes within the walls of the home in its still silence, permeating every room with stillness and serenity. The doors close, the lights dim, the furniture reveals its profile in the half-light: everything is designed to slow the pace and regain a sense of one’s own time. Paolo Castelli’s new 2023 collection “Alla Sera” (In the evening) originated from the desire to harmonise distinct sensations, giving life to a romantic landscape that evokes the atmosphere created by a sunset. An evocative scenario inhabited by indoor and outdoor proposals and high-tech lighting systems with a handcrafted soul that testify to Paolo Castelli’s ability to offer an extensive catalogue of furniture for the living and sleeping area.

Lights and shadows meet in a symphony of chiaroscuro enhancing colours and materiality: a dreamlike stage where the new proposals tell little stories of timeless elegance.

AMA CURVED SOFA, BERGERE, OTTOMAN, GRAND POUF

IT Una sensazione di grande accoglienza conferita dalle generose imbottiture e dai sofisticati dettagli che ammorbidiscono le geometrie. A seguito del successo riscosso dal divano, la famiglia Ama accoglie altre sedute imbottite quali la Bergere, il Grand Pouf, l'Ottoman, e la versione componibile anche con moduli curvi del divano omonimo. La collezione di sedute Ama si distingue per le asimmetrie create dalle diverse altezze e profondità degli elementi compositivi, l'ambiente viene animato così da un inaspettato dinamismo altamente scenografico.

EN A very cosy feeling given by the generous padding and sophisticated details that soften the geometries. Following the success of the sofa, the Ama family welcomes other upholstered seats such as the Bergere, the Grand Pouf, the Ottoman, and the modular version also with curved modules of the sofa of the same name. The Ama seating collection is distinguished by the asymmetries created by the different heights and depths of the compositional elements, the room is thus animated by an unexpected, highly scenic dynamism.

BABOU LOUNGE CHAIR, POUF, SYSTEM

IT Il logico si combina con l'irrazionale, le forme si uniscono in un gioco di opposti tra minimalismo ed esuberanza figurativa. Ispirata all'arte del pittore surrealista Salvador Dalí, la lounge chair Babou è caratterizzata dal disegno della sua struttura, completamente rivestita in laccio di cuoietto ecologico. Un elegante segno grafico che delinea lo schienale sostenendo la cuscineria, realizzata con poliuretano biologico. Nata per gli spazi esterni, arricchita da un avvolgente rivestimento in pelle outdoor, Babou è disponibile anche in versione indoor grazie all'ampia gamma di rivestimenti e colori disponibili. L'innata versatilità dell'arredo si svela nella versione priva di schienale, un pouf che grazie ad un semplice sistema di aggancio può unirsi alla lounge chair Babou dando vita ad una nuova composizione, un sistema modulare che risponde a tutte le esigenze estetiche e di spazio.

EN The logical is combined with the irrational, forms come together in a play of opposites between minimalism and figurative exuberance. Inspired by the art of the surrealist painter Salvador Dalí, the Babou lounge chair is characterised by the design of its frame, which is completely upholstered in ecological cuoietto leather lace. An elegant graphic sign outlines the backrest supporting the cushioning, made of organic polyurethane. Created for outdoor spaces, enriched with an enveloping outdoor leather upholstery, Babou is also available in an indoor version thanks to the wide range of coverings and colours available. The furniture's innate versatility is revealed in the backless version, a pouf that thanks to a simple coupling system can join the Babou lounge chair, creating a new composition, a modular system that meets all aesthetic and space requirements.

SARI CHAIR, LOUNGE CHAIR

IT Gradevolezza estetica ed ergonomia si uniscono in una seduta dalla silhouette audace in ogni dettaglio. Composta da una struttura interna in metallo, Sari si distingue per l'imbottitura in poliuretano espanso, che avvolge il sedile, lo schienale e le gambe determinando il tratto distintivo dell'arredo. Come il sari avvolge il corpo femminile esaltandone le linee sinuose, così l'arco in legno tornito in massello di frassino tinto noce, che sembra sostenere sia la sedia che la lounge chair, celebra il dinamismo creando un movimento curvilineo.

Sari reinventa il concetto di comfort grazie al design eclettico e all'aspetto accogliente e morbido delle sue componenti.

EN Aesthetic appeal and ergonomics come together in a seat with a bold silhouette in every detail.

Composed of a metal inner structure, Sari is distinguished by its polyurethane foam upholstery, which envelops the seat, back and legs and determines the distinctive feature of the furniture. Just as the sari envelops the female body, enhancing its sinuous lines, so the solid walnut-stained ash-turned wood arch, which seems to support both chair and lounge chair, celebrates dynamism by creating a curvilinear movement.

Sari reinvents the concept of comfort with its eclectic design and the cosy, soft appearance of its components.

Kenya è una famiglia di arredi dal forte carattere architettonico, una proposta completa per la zona living e dining composta da tavolo, console e coffee table. I volumi sottratti che caratterizzano la struttura di ciascun elemento si uniscono al piano d'appoggio rettangolare, conferendo alla collezione un aspetto inusuale che rende omaggio all'asimmetria. L'incontro materico tra le gambe in legno e il top in marmo caratterizzano ogni elemento, animando il profilo minimale con dettagli ricercati.

INFINITY MIRROR

IT Una specchiera dai profili tondeggianti retroilluminata nata per creare uniche riflessioni di design. Infinity reinventa in chiave contemporanea il concetto di specchio trasformandolo da oggetto semplice e funzionale, ad arredo ornamentale. THE RUGS

IT Una rielaborazione geometrica delle forme da vita a motivi decorativi astratti e architettonici, rendendo il tappeto un interessante accessorio al passo con i tempi ma con radici nella memoria. Suggestioni provenienti dalle correnti artistiche del 900 animano i tappeti novità 2023, parte della collezione "Alla Sera". Ogni singolo tappeto è stato prodotto con la tecnica handtuft in India. Il blend di lana e viscosa utilizzato è una qualità di filato innovativa e altamente performante che permette ai tappeti di abitare ambienti privati ma anche spazi contract. Mark, Vasilij, Paul, Piet, Theo, Frank, Jackson, Bridget: ogni tappeto si distingue per un equilibrio di contrasti in linea con l'approfondita ricerca cromatica e materica condotta dall'azienda.

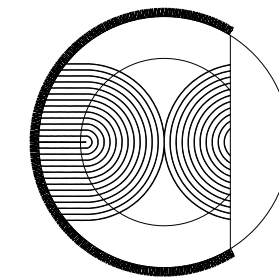

EN A geometric reworking of the shapes gives life to abstract and architectural decorative motifs, making the rug an interesting accessory in step with the times but rooted in memory. Suggestions from the artistic currents of the 20th century enliven the new 2023 rugs, part of the 'Alla Sera' collection. Every single rug has been produced in India using the hand tufted technique. The blend of wool and viscose used is an innovative, high-performance yarn quality that allows the rugs to inhabit both private and contract spaces. Mark, Vasilij, Paul, Piet, Theo, Frank, Jackson, Bridget: each rug is distinguished by a balance of contrasts in line with the in-depth colour and material research conducted by the company.
