CONTEMPORARY WALLPAPER COLLECTION

2019

Oltre la bidimensionalità della superficie.

Quando alla meraviglia del decoro si affianca un esclusivo effetto metallizzato che permea la stessa "tela" su cui l'artista ha creato il proprio segno. Bronzage® è il supporto che Wall&decò ha introdotto per aggiungere un nuovo valore alle superfici e renderle luminose, vive, ogni volta diverse al mutare dell'incidenza della luce.

Bronzage® si può declinare sui disegni della collezione più adatti per elementi decorativi, acquisendo in base alle tonalità del disegno sfumature argento, dorate, bronzo o rame.

Una nuova possibilità di espandere gli orizzonti creativi della collezione Wall&decò contestualizzandola nei più originali progetti di interior design.

Beyond the flat, two-dimensional surface.

When the marvel of decor goes hand in hand with an exclusive, metallic effect embued in the very same "canvas" where one of our artists left his sign.

Bronzage® is the wall covering developed by Wall&decò to bring new value to surfaces, to make them come alive with shimmering luminance, each time different as light changes.

Bronzage® can be declined on most apt decorative designs of the collection, gaining different nuances based on the colors of the decor itself: silver, gold, copper or bronze. A new possibility to expand the creative boundaries of the Wall&decò collection, finding context in the most original interiors.

TABELLE COLORE

Color charts

COME UTILIZZARE LE TABELLE COLORE PER ESPORARE LA COLLEZIONE WALL&DECÒ.

Il colore è la tua guida nella nostra collezione.

Abbiamo creato le palette per favorire la tua ispirazione, unendo i soggetti grafici per gruppi di colori affini che definiscono mood diversi.

Nelle Tabelle Colore, all'interno di ogni palette troverai i soggetti grafici con indicazione del numero di pagina in cui è possibile consultare la grafica ambientata e il codice prodotto di riferimento.

Nelle colonne a destra del nome potrai vedere a quali colori della palette corrisponde il singolo decoro.

Per una ricerca ancora più veloce e sistematica, il nostro sito è la risorsa più importante per navigare nella collezione: su www.wallanddeco.com puoi individuare un soggetto grafico filtrando la ricerca per palette, colore, nome e codice.

HOW TO USE COLOR CHARTS TO EXPLORE THE WALL&DECÒ COLLECTION.

It is the colour that guides you through our collection.

We have created palettes to favour your inspiration, grouping graphic subjects according to colours which define different moods.

Color chart contain graphic subjects for each palette, complete with the page number to view the graphic settings and product codes of reference.

The columns to the right of the name enable you to view the colours of the palette for each single decoration.

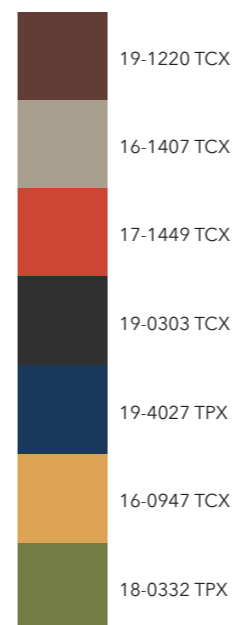

Our website is the most valuable resource for an even faster and systematic search when browsing our collection: go to www.wallanddeco.com to identify a graphic subject by filtering according to palette, colour, name and code.
